

# **Institutional Distinctiveness**

## **Commitment to Social Values and Responsibilities**

The institution is deeply committed to instilling social values and responsibilities in its students. To achieve this, several committees have been established to ensure effective engagement with societal duties.

## **Induction Program**

The induction program for freshmen provides an insightful introduction to the institute's core values and vision.

## **National Service Scheme (NSS) Activities**

Our active NSS (National Service Scheme) unit plays a pivotal role in this mission by organizing a variety of activities aimed at addressing pressing societal issues.

## **Tree Plantation Drives**

These initiatives promote environmental sustainability and allow students to contribute to ecological preservation.

## **Field Visits**

Field visits provide students with firsthand experience and understanding of societal challenges, enhancing their awareness and empathy.

## **Street Plays**

Street plays are organized to educate and engage the community on various social issues through interactive performances.

## **Cleanliness Drives**

Cleanliness drives aim to improve local environments and instill a sense of community pride and responsibility among students.

## **Donation Campaigns**

Donation drives, including food and essential items, support those in need, particularly during crises such as the COVID-19 pandemic.

## **Waste Management Initiatives**

These initiatives teach students about the importance of proper waste disposal and recycling, fostering environmental responsibility.

## **Gender Equity Programs**

Programs focused on gender equity educate students on the importance of equality and

inclusiveness in society.

### **Faculty Contributions**

Many faculty members actively contribute to societal welfare. Notably, during the COVID-19 pandemic, teachers organized and donated food grains and cooked meals to those in need, demonstrating their commitment to social responsibility.

### **Reduced Paper Usage Policy**

The institution has implemented a reduced paper usage policy over the past three years. Most communications are conducted via WhatsApp or email to minimize paper consumption.

### **Paper-Free Event Registrations**

Students participate in this initiative by ensuring all event registrations are paper-free, utilizing a web portal instead.

### **Prohibition of Plastics**

The use of plastics is strictly prohibited on campus, reinforcing our commitment to environmental sustainability.

Through these collective efforts, the institution strives to foster a sense of social responsibility and environmental consciousness among its students, preparing them to be proactive and conscientious members of society.
