Introduction

The T.Y.B.Sc. class organized an educational exposure visit from 26th January 2026 to 31st January 2026. A total of 25 students along with four faculty members participated in this visit. The purpose of the trip was to provide practical exposure to historical places, cultural heritage sites, and coastal geography of the Konkan region.

Places Visited

During the visit, we explored several important locations including Ganpatipule, Kunkeshwar Mahadev Temple, Malvan, Sindhudurg Fort, Chhatrapati Smarak (Rajkot), Rock Garden, and Tarkarli Beach.

At Ganpatipule and Kunkeshwar Mahadev, students observed ancient temple architecture and understood the religious and cultural importance of these sacred places.

In Malvan, the group visited Sindhudurg Fort, a historic sea fort built by Chhatrapati Shivaji Maharaj. Students learned about the fort's strategic importance in Maratha naval history and its unique construction in the Arabian Sea.

The visit to Chhatrapati Smarak at Rajkot and the nearby Rock Garden provided insights into historical monuments and coastal tourism development.

At Tarkarli Beach, students observed the natural beauty of the coastline and gained awareness about marine biodiversity and environmental conservation.

Educational Outcomes

The exposure visit proved to be highly beneficial for the students. It enhanced their understanding of history, culture, architecture, and environmental studies. The trip also helped in developing teamwork, discipline, leadership qualities, and social interaction among students.

Conclusion

The exposure visit was successfully completed in a well-organized and disciplined manner. It was both informative and enjoyable for all participants.

We sincerely thank the college authorities for granting permission and providing necessary support to make this educational tour a memorable and successful experience.
